EDUCATION TRUST

The Concept

The Detail

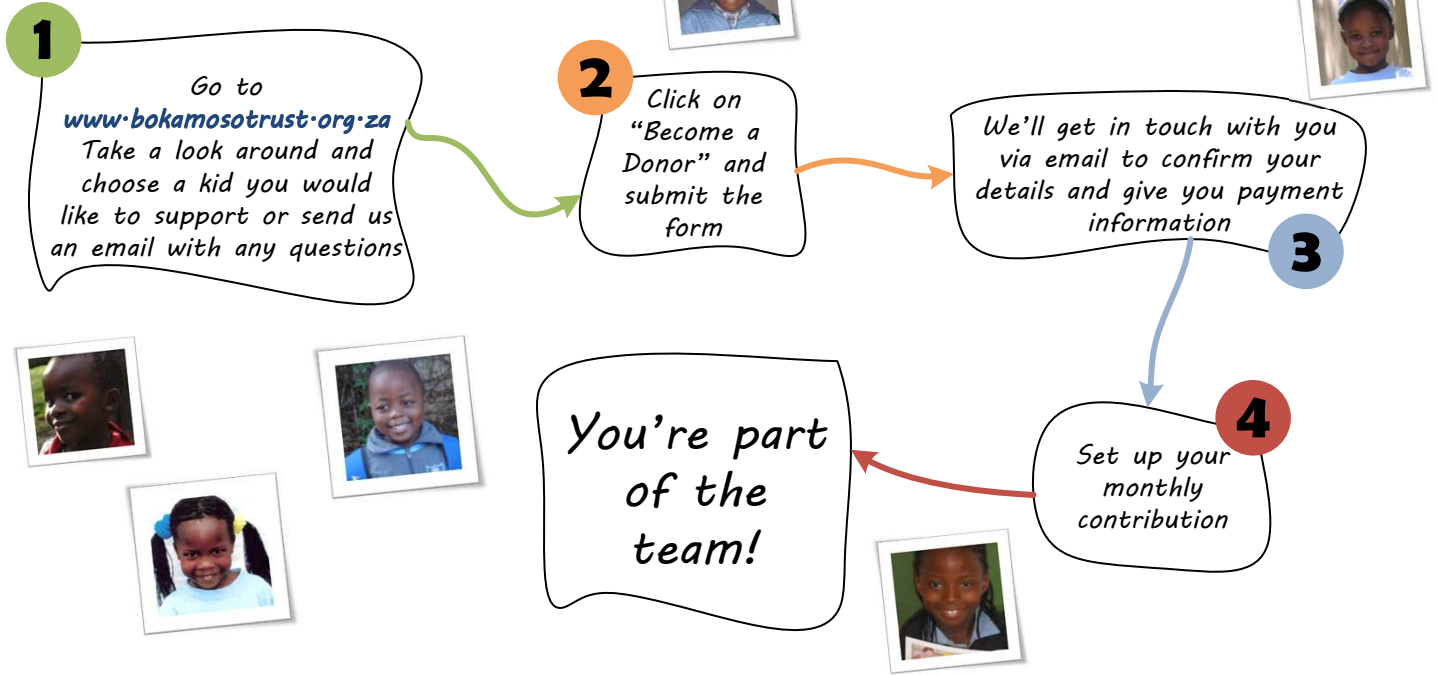

Education is a fundamental right to all and is essential in uplifting the youth of South Africa. It provides children with an exceptional opportunity to improve their own livelihood and to uplift their family and community.

The Bokamoso Education Trust was set up with this belief in mind - to be a vehicle through which individuals and corporations can make donations that are accumulated and set towards the educational expenses of disadvantaged children.

The Trust's primary vision is to enable as many children as possible, who would otherwise not have had the opportunity, to get a world-class education. We have therefore undertaken the responsibility to provide the necessary financial support for each child's education (Grade 000 to 12). Furthermore, we facilitate the opportunity for donors to take an active and personal role in the child's development through mentorship, should they wish to do so.

If you're a company that wishes to get more involved with Bokamoso please contact us at bokamoso.trust@gmail.com. We have worked closely with companies in the past, partnering with them to change lives.

Another way we raise funds is through events, for example we've raised over R100,000 through our Bokamoso Runners at Comrades! Get in touch if you have an event idea of your own...
