Spring is here!

Three months have swept by since our last newsletter was published. Our past two fundraising events were hugely successful. Thank you for your support!

This month, we are excited to share lots of news relating to our beneficiaries, from career assessments to winter school programs and scholastic achievements.

There are some very exciting opportunities to support Bokamoso - The Virtual London Marathon and the Ride Joburg Event. We are also excited about our UK event coming up in November, which will be hosted by Ninety One and Bokamoso in London.

It is full steam ahead as the end of the year fast approaches. Please stay up to date with all our news on our social media pages.

Bokamoso Golf Day

What an incredible time we had at this year's golf day! Always a highlight on our calendar, the event didn't disappoint. The sun was shining, the course was perfect, and everyone brought their A-game! After the final putts, the excitement carried over to our prize giving and auction, where some fantastic items had everyone in a bidding frenzy. The auction was a huge hit and helped us raise even more funds than we expected. We couldn't have asked for a better day, and we're so grateful to everyone who came out to support. Thank you to all the players, donors, and supporters who made this day so memorable. A special thank you to The River Club for always being such exceptional hosts. We're already looking forward to next year's event! For more photos, click [HERE](#).

Great Gatsby Soirée

We recently hosted a spectacular Gatsby themed charity event in Cape Town at Harrington's Cocktail Lounge, in District Six. The evening was themed around the elegance and glamour of the Great Gatsby era, with guests arriving in their finest 1920s-inspired attire! Live music by "Me & Mr Green" contributed to the night's success. Special thanks go to our incredible MC, Chris Dry who guided the evening with charisma and grace, and our lively auctioneer, Nick Ferreira whose energy and enthusiasm helped raise significant funds during the auction, as well as to the management and staff at Harrington's. Their efforts contributed enormously to the spirit of the evening and the success of our fundraising efforts!

Thanks to the generosity of all those who attended, and the spirit of giving that filled the night, we surpassed our fundraising goals, making a meaningful impact on the lives of the children supported by Bokamoso Trust.

News from our beneficiaries

Partnerships for Empowering Youth Education and Development

We would like to extend our deepest gratitude for the invaluable partnership we've shared with Ida Meyer, Academic Success coach, Psychometrist and Research Psychologist from the University of Pretoria.

Together with Ida, our Grade 10-12 learners nationally have had the privilege of experiencing psychometric assessments, including personality and career interest assessments, to assist and guide them in their career aspirations as well as improved study methods.

Working alongside her has been an enriching experience for the learners as well as their parents/guardians, we truly appreciate her dedication, insight & commitment to making a positive impact. We are excited about the potential for even greater results as we move forward.

Thank you Ida for your unwavering support and collaboration. We look forward to many more successful ventures together in the future.

Former Bokamoso Trust Beneficiary Shares Inspiring Journey of Success and Growth

In July, Njabulo Mthetho, a previous Bokamoso Trust beneficiary and current Ninety One ChangeBlazer bursary recipient, had the opportunity to join a group of students in Cape Town for their annual winter programme. Along with other top performing students they were tasked with real-world challenges and given an opportunity to engage in stimulating discussions on culture, AI, investments, financial management, and communication styles. Despite long days, they built strong relationships with each other and the Ninety One team while having fun.

In Njabulo's own words, "This opportunity provided me with invaluable skills on professional conduct and teamwork. Working on a project about Transnet's railway system, we had the opportunity to present to a panel of Ninety One professionals. I was also able to make meaningful connections with their team. Overall, the experience was a fantastic opportunity for personal and professional growth preparing me to excel in the corporate world."

Thank you to Ninety One for your dedication to equip our future leaders with the skills and experiences needed for professional and personal growth. This embodies our joint commitment to investing for a better tomorrow!

News from our beneficiaries continued...

BellaVista Winter School

We extend our sincere gratitude to Investec for generously sponsoring a group of our learners to participate in the Bellavista Winter School program. This invaluable opportunity allowed the learners to dedicate their holiday to enhancing essential academic skills such as reading, writing, and overall cognitive development. The impact of this experience is already evident in their progress, and we are optimistic that these advancements will have lasting benefits. We are always grateful to our partners who share our joint passion in wanting to provide enriching opportunities for our students.

Scholastic Achievements

1. Natasha, one of Bokamoso's Alumni, has graduated with distinction this year.
2. Kamva has been elected as Head Boy for 2025.
3. Leighton is a charismatic cheerleader. Some may have heard the 'Hoya Hoya' war cry by his school in support of the Springboks. Watch the video [HERE](#).
4. Isiaah is thriving at school. He is learning about entrepreneurship with the help of Monopoly.
5. Phelo has also been elected as a prefect.

Congratulations!
Bokamoso is very proud of you all. Keep up the great work!

"Success in school begins with the belief that you can achieve it."
