## Welcome back, Katherine!

We are thrilled to welcome back **Katherine le Roux** (previously Akeroyd), who is rejoining the board. Her invaluable insights are a true asset to the team, and we eagerly anticipate the benefits of her contributions as a Trustee.

'I'm so excited to be back as a Trustee after a few years away. It's incredible to see how much the Trust has grown, while the focus and care for each individual child remains so evident. I'm really looking forward to putting my hand to the wheel for the season ahead!' – **Katherine**

## Beneficiary updates

A huge **congratulations** to our future leaders! We are incredibly proud to celebrate **four of our Calling Education boys** who have been appointed as prefects for 2027, including **Larry**, who has been named **Head Boy**. We are also thrilled to congratulate **Zwivhuya** from King Edward VII School, who has been appointed **Head of Culture for 2027**. These leadership opportunities are a wonderful reflection of the character, commitment and potential our boys continue to demonstrate — we cannot wait to see the impact they make in the year ahead!

# Bokamoso Annual Golf Day 2026

Our annual Golf Day at the exclusive **River Club** is always a highlight on the Bokamoso calendar! It was a fantastic day of golf, connection and fellowship, bringing together like-minded individuals who share a **passion for education** and a desire to contribute towards a better South Africa.

We are especially excited to welcome a number of new donors who joined the Bokamoso family through this event. A huge **thank you** to all our generous sponsors, players and supporters for making the day such a memorable success!

## Future Ready Workshop

Our Gauteng beneficiaries recently came together for our **Future Ready workshop**, a day focused on equipping our learners with the tools and confidence to navigate life beyond school.

A huge thank you to **Galetti Properties** for sharing valuable insights into personal branding and encouraging our learners to start investing in their careers from an early stage. **Yeshania Nair** also facilitated an inspiring session, sharing practical tools around mental wellbeing, time management, future planning and personal mastery.

It was an insightful and empowering day, encouraging our learners to take ownership of their futures and the opportunities ahead.

## Stanford WAYMAKERS Retreat

Our recent **WayMakers Retreat in Stanford** brought our Western Cape high school learners together for a meaningful weekend of connection, reflection and growth. Led by **Dr. Kim du Preez** and life coach **Sean Eady**, learners explored themes of identity, leadership, purpose and potential, with a strong focus on understanding who they are and the impact they can make.

The weekend created space for honest conversations, new perspectives and meaningful connections between our learners and the Bokamoso team. We are deeply grateful to everyone who invested their time, expertise and heart into making this such a memorable experience.
